FROM THE CHAIRMAN'S DESK

It gives me immense pleasure to interact with you through the brochure. In today's competitive world, good education is not only mandatory but also an opportunity to excel in different spheres of life. Pramoth Nath Das Academy of Nursing that have been delivering a very high quality education with emphasis on interactive teaching methods and we believe that complete education is what really matters. The ambience of the college is student friendly and our students have always been our first priority.

SUPRIYA DAS

Managing Director Pramoth Nath Das Academy of Nursing

FROM THE PRINCIPAL'S DESK

Pramoth Nath Das Academy of Nursing was established in the year 2021 and we firmly believe that nursing students are responsible and accountable for patient care so they need proper orientation, qualified training, and direct supervision. Highly qualified and motivated professionals provide students with the skills and knowledge needed to face everyday challenges. The curriculum is designed to develop students' energy, innate abilities and transform them into fully evolved individuals in the community. We provide the quality education and training which help students to achieve the best possible success. We ensure high quality students education, clinical training, excellent research activities and job opportunities.

ABOUT US

Pramoth Nath Das Academy of Nursing was started in the year 2021 GNM (60 students), B.Sc Nursing Programme (60 students). This college is approved by Government of West Bengal, West Bengal Nursing Council and Indian Nursing Council. Pramoth Nath Das Academy of Nursing is a constituent unit of Pramoth Nath Memorial trust who felt that human services should be rendered to the people by preparing nurses to meet the health demands and thus the college was established. The curriculum has been planned to provide in depth knowledge that enables the students to function effectively in various situations and also prepare to assume the role of teacher, supervisor, manager in clinical/ public health set ting. we give personal attention to each student and emphasize on etiquettes, maintain high degree of discipline and abide the code of conduct which enhances the dignifying behavior in the campus.

SECURITY SERVICES

The college / Hostel campus engages 24x7 high - end security services for safety and security of the students.

GUIDANCE & COUNSELLING

Counseling is provided by professional counselors and teachers to help students solve problems arising from academic and non-academic challenges and to help students maintain a healthy mind set and goodwill within themselves. The services of trained and experienced clinical psychologist are available to any student who needs guidance at any time.

BANKING SERVICE

Pramoth Nath Das Academy tie up with Bank of India to provide the education loan in easyest way.

PRE-CLINICAL LAB

Pre-clinical Lab is designed to gain knowledge about the anatomical system, its functional composition and its changes in human body system. The student sees the dissection of the human corpse and learns different patterns such as the skeleton and the decomposed bones.

NURSING FOUNDATION LAB

The nursing foundation lab is extremely practical and adjustable to meet the multi disciplinary education needs of the students. The nursing foundation lab creates the imagination of the hospital and allows the students to practice the nursing procedures prior to exposure to the clinical field. This laboratory is designed to assist students in developing expertise and in-depth knowledge in the field of nursing foundation. The nursing foundation lab is extremely practical and adjustable to meet the multi-disciplinary education needs of the students.

NUTRITION LAB

Nutrition lab enables nursing students to gain knowledge about nutrition to maintain optimal health and apply to nursing practice at various stages of life. The lab is well ventilate and highly equipped with various essential utensils and accessories for preparing different recipes to treat different diseases. It is a laboratory equipped with various samples, posters, flash card flip cards, flip charts for nutritional education.

COMMUNITY HEALTH NURSING LAB

The community health nursing laboratory helps students to develop a desirable knowledge and approach to comprehensive care for the individual, family and community. The department is committed to improving the health status by providing education and service in urban and rural communities and perform various activities such as public health awareness program, Health Camps, Screening, Surveillance and epidemic prevention activities, risk management services. The laboratory consists of model like ideal home, ideal village, different types of wells, latrines, methods of precaution etc.

CHILD HEALTH NURSING AND OBG LAB

The OBG lab ensures effective and efficient services for students to practice and demonstrate competency of selected obstetric skills. The lab is well equipped with models like Mechanism of labour and antenatal assessment. The lab provide students to acquire knowledge and hands on training to care for mother and new born that are to be practiced in clinical settings.

COMPUTER LAB

The computer lab designed for students to improve basic understanding of the use computers and its applications in nursing. The computer lab encourages the students to access to various e-book, online subject contents and journals through internet.
